

**Remarks/Arguments:**

Reconsideration of this application in light of the above amendments and following comments is courteously solicited.

Applicant has, by the instant amendment, cancelled claims 25-44.

By canceling claims 26-44, the drawing corrections set forth on Page 2, paragraph 1, the objections to the specification set forth on Page 4, paragraphs 3 and 4, and the rejection under 35 USC 112, first paragraph set forth on Page 4, paragraphs 5 and 6 are rendered moot.

The dependency of claim 16 has been amended so as to overcome the objection raised on Page 3, paragraph 2 of the office action.

Independent claim 1 has been amended so as to incorporate the subject matter of dependent claim 15 which was indicated allowable by the examiner and depended directly from independent claim 1. In light of the foregoing, claim 1 and all of the claims which depend therefrom are now in condition for allowance.

Finally, applicant has added new independent claim 45 which includes the subject matter of claim 14 as well as intervening claims 11 and 13. Claim 14 was indicated allowable by the examiner and, therefore, claim 45 is now in condition for allowance.

In light of the foregoing amendments, and the examiner's indication of allowable subject matter, it is submitted that all of the claims as pending are now in condition for allowance and an early indication of same is respectfully requested.
